

AGENCY COMPLIANCE DATES
to
NFPA STANDARDS
January 1, 2023

The National Fire Protection Association (NFPA) has published the standard within the Emergency Response and Responder Safety Consolidation Project (ERRS). To simplify for Pro Board accreditation purposes, this document only lists the standards agencies may utilize. The ERRS contains related standards you may review at www.nfpa.org/errs.

To facilitate these changes, the Pro Board's "Agency Compliance Dates" table has been reorganized and referenced to provide a crosswalk from legacy documents to the new. This is an NFPA multi-year project and as each Group is released, this document will be updated to reflect the changes.
